

## TIMMY'S TENDERIZERS

*Wonderous Item, Legendary*

A pair of brass knuckles featuring a grid of small pointed spikes, resembling the face of a meat tenderizing mallet. Used by the renown fighter Timothias the Tenatious during the Battle of Hærūn.

*(Tenderize)* Your unarmed attacks apply the **Tenderized** effect which lasts for one round. Each additional unarmed attack you land on a **Tenderized** creature deals +1 bludgeoning damage and refreshes the duration of **Tenderized**.

*(Requires Attunement)* Your unarmed attacks ignore resistance. In addition, the **Tenderized** effect now stacks up to 4 times. A creature with 4 stacks of **Tenderized** becomes **Fully Tender**, at which point the bonus damage on further attacks is increased to +2 and the number required to crit is 19.

*(Requires Auxillary Attunement)* Damage from unarmed attacks is rolled with one higher die. In addition, the **Tenderized** effect now stacks any number of times and at 8 stacks becomes **Falling Off The Bone**: the bonus damage is increased to +3 and the number required to crit is 18. For each additional 4 stacks beyond 8, the bonus damage is increased by 1 and the number required to crit is decreased by 1 (minimum 2).
