(Requires Attunement) The **Tenderized** effect now stacks up to 5 times. A creature with 5 stacks of **Tenderized** becomes **Fully Tender**, at which point the bonus damage is increased to +2 and the number required to crit is reduced by 2.

(Requires Auxillary Attunement) Your unarmed attacks ignore resistance and deal half damage against immunity. The **Tenderized** effect now stacks any number of times and at 10 stacks becomes **Falling Off The Bone**, at which point the bonus damage is equal to your level. Each additional stack beyond 10 increases the bonus damage by 1 and decreases the number required to crit by 1 (minimum 2).
